

Lesson 7 You are in front of きょうと えき now. Let's go to the following places!

- 1) やさか じんじゃ It was established around 656.
- 2) にじょうじょう It was created by shogun とくがわ いえやす (1543-1616).
- 3) てんりゅうじ It was founded by the first あしかが shogun, たかうじ, in 1339.
- 4) きんかくじ [Golden Pavilion] It was built by the third あしかが shogun, よしみつ (1358-1408).
- 5) ぎんかくじ [Silver Pavilion] よしまさ intended to finish his pavilion in silver in tribute to his grandfather, who covered きんかくじ in gold leaf.  
However, the ruinous Onin War thwarted that ambition. Minus its final coating, the graceful Silver Pavilion now shines with the patina of age
